Precautions for use of Combination Rolling Metal Tool Cabinet:

Cabinet:

Make sure you have read and understood all manufacturer's instructions and safety warnings.

Check whether the tool cabinet is fully assembled and all parts have been installed in the correct position.

Place the tool cabinet on a stable ground and install casters.

Open the drawers and doors of the tool cabinet and check if there are any items left inside.

Make sure that your tools are arranged in an order that is easy for you to find and use.

Please sort by category and assign tools to the correct drawers and cabinets.

When using, please make sure you open the drawer or cabinet door first, and take out the tools or items you need.
